February 11, 2010

SUMMARY OF BILL: Requires the Comptroller to conduct a comprehensive study of the use of traffic surveillance cameras in Tennessee and report to the transportation committees by January 15, 2011.

ESTIMATED FISCAL IMPACT:

On January 12, 2010, we issued a fiscal note stating an impact of *increase state expenditures – not significant, increase local expenditures – not significant*. Due to additional information received from the Comptroller's office, the fiscal impact of this bill has been changed as follows:

(CORRECTED)

Increase State Expenditures – Exceeds \$100,000/One-Time

Assumption:

- According to the Comptroller, the data needed for this study is not readily available. Instead of working with local governments to collect data, the Comptroller will hire a consultant to conduct the study. Conducting the comprehensive study will increase one-time state expenditures at least \$100,000.
